NAASCO ANNOUNCES PROMOTION OF JENNIFER LLERA TO DIRECTOR OF SALES

NAASCO, a leader in the aviation component overhaul, manufacturing, and engineering sectors, is proud to announce Jennifer Llera's promotion from Inside Sales Manager to an executive-level position as Director of Sales. This promotion recognizes Llera's dedication and outstanding contributions and reaffirms NAASCO's unwavering commitment to growing talent from within. It's a testament to our belief in nurturing and promoting our own, ensuring a promising future for the company.

As Director of Sales, Llera will manage the internal and external front office and sales staff responsible for worldwide sales of NAASCO's products and services. Llera's consistent excellence in sales, customer service, and management, which significantly boosted NAASCO's sales and enhanced customer service, instills confidence in her ability to lead in her new role.

Llera's journey at NAASCO is a testament to her dedication and adaptability. She joined as an Inside Sales Representative in 2021 and quickly rose to the role of Inside Sales Manager in 2022. Now, just two years later, she has been promoted to the prestigious role of Director of Sales. Her rapid career growth is a source of inspiration for all aspiring professionals.

Mike Leslie, President & CEO of NAASCO, stated, "Jennifer Llera brings tremendous value to the NAASCO team, and we are delighted that she has accepted the position of Director of Sales." Leslie went on to say, "Llera is passionate about customer service and sales and has brought a refreshing perspective to NAASCO. I am confident that our best is yet to come under Llera's leadership."

"I am deeply honored to take on this new role and thrilled about the challenges that lie ahead," said Llera. "I am eager to continue working with our talented team to drive innovation and success at NAASCO. I am immensely proud of our team and look forward to our continued success together." Llera's enthusiasm for her new role is palpable, reflecting her dedication and commitment to NAASCO's mission.

About NAASCO: NAASCO, a company with a rich history in the aviation industry, opened its doors in April 1984. For over 40 years, we have served as an FAA and EASA and now UK CAA approved repair station and manufacturing facility. We are known worldwide for the 1,000-hour **Mercury Mod™** starter generator brush life guarantee and the **Sil-Met™** repair solutions for helicopters, turboprops, light jets, and heavy jet aircraft. **Sil-Met™** is cutting-edge technology that allows previously consumable motors, relays, contacts, and terminal boards to be returned to like-new condition. Our capabilities list is constantly expanding due to the requests for solutions from our customers. For more information, don't hesitate to contact our Sales team at (631) 399-2244 or Sales@NAASCO.com. We look forward to assisting you. Website: www.NAASCO.com
