RECOIL AEROSPACE ANNOUNCES AERO PRODUCTS AS AUTHORIZED SERVICE SUPPORT CENTER

BOWLING GREEN, Ky., March 10, 2026 — Recoil Aerospace, Inc. (Recoil) today announced a strategic partnership with Aero Products of Show Low, Arizona, naming the company an Authorized Service Support Center for Recoil Aerospace products.

This collaboration further expands Recoil Aerospace's service and support capabilities for operators, providing increased access to certified maintenance, inspection, repair, and technical support for Recoil's specialized solutions. The partnership reinforces Recoil's commitment to delivering responsive, reliable, and mission-ready support to defense, public safety, and commercial customers worldwide.

"Aero Products brings a strong reputation for technical excellence, customer focus, and proven aerospace service capability," said Joseph Rice, President of Recoil Aerospace. "By adding Aero Products as an authorized service support center, we are strengthening our support network and ensuring government and commercial operators alike have access to timely, trusted service that meets the highest standards of quality, safety, and performance.

As a support center, Aero Products will perform approved maintenance and service support for Recoil Aerospace equipment in accordance with Recoil's specifications, processes, and quality requirements, helping operators maximize their tank's system performance.

"This partnership strengthens our ability to support Recoil operators while continuing to deliver the proactive, reliable, and safety-focused service Aero Products is known for, said President of Aero Products Mike Hannahs. "Additionally, Recoil equipment will be available for live demonstrations aboard Aero Products' UH-60L demonstrator aircraft, providing operators with a firsthand look at system capability and performance."

The addition of Aero Products reflects Recoil's continued investment in expanding its authorized support network to meet growing global demand.
