Korea Aerospace Industries (KAI) is the leading aerospace company in South Korea and the nation’s only fixed-wing and rotorcraft system integrator. The company develops, manufactures, and supports military and civil aircraft, including the Surion helicopter and advanced trainer and fighter platforms. KAI is expanding its global presence through international partnerships, exports, and next-generation aerospace technologies.

United Aero Group (Brightwater UAG) is a global provider of helicopter support solutions. Our mission is to deliver the highest level of safety, reliability, and efficiency in the helicopter industry through innovative and comprehensive support services. We strive to exceed the expectations of our customers by consistently delivering exceptional service and value. Our team of highly skilled and dedicated professionals is committed to delivering the highest level of customer satisfaction through continuous improvement and a strong focus on quality.
