

HELP US STAY ON TRACK WITH THE

# 48<sup>th</sup> ANNUAL GENERAL AVIATION AND PART 135 ACTIVITY SURVEY

Receiving responses to the GA survey from all aircraft is essential to assess the need for aviation infrastructure and evaluate the impact of safety and aviation initiatives.

**COMPLETE YOUR  
SURVEY TODAY!\***

It only takes 15 minutes!

## Understanding Flight Hours and Safety Metrics

Reporting your flight hours is critical because of the direct linkage to computing accurate accident rates.

Not Reporting Your Hours → Higher Calculated Accident Rate

Reporting Your Hours → Lower Calculated Accident Rate

*More Accurate*

*\*Survey invitations were sent to a select group of aircraft owners/operators.*
